HMI 合雄工業股份有限公司
HO HSIUNG MACHINERY INDUSTRIAL CO., LTD.

ISO 9001:2000
組織服務 顧客滿意

合雄工業股份有限公司

HO HSIUNG MACHINERY INDUSTRIAL CO., LTD.

公司願景 COMPANYS' VISION

在2001年6月08日合雄工業終於正式取得 ISO 9001:2000 的證書，同仁全力投入長達14個月的密集訓練與輔導，我們不追求形式上及表面化的一紙認證，而真正想追求的是ISO所強調地，經由 PDCA 的良性循環來達到持續改善的目標，這份證書所帶來的是更大、更高、更遠的願景！

回想草創 1981 年當初，我們已歷經20年的艱辛路途，期盼在「組織服務，顧客滿意」的品質政策下，我們依然活躍於第 2 個20年，遠至於第3個、第 4 個....。進而保持屹立不搖，永續發展，並且提昇實力、加強管理，以臻多元化、國際化之經營目標！讓每一個新舊顧客都能強烈感受到，您的選擇是最明智與最正確的！

On Jun.8,2001 Ho Hsiung Machinery Industrial Co., Ltd. Obtained the certification of ISO 9001:2000. It was the result of all the staff members' commitment to 14 months of intensive training. What we pursued was not just formality, But what ISO emphasizes, the goal of continuous improvement through PDCA. What the certification represents for us is a greater and broader vision.

Ho Hsiung was first founded in 1981. We have been through two decades of hard work, and with our principle of "excellency in organization and service, satisfaction of the customer", we hope to have another two, or even three or four, decades of success. We will keep on dedicating ourselves to raising our standard and reinforcing our management, with an aim to achieve multiplicity, internationalization, and permanent development. We hope all our customer, whether previous or future customers, strongly feel that they have chosen the best.
